

Cemetery Pictures and Driving Directions Wanted

Pictures, driving directions, and the location for cemeteries in 18 Oklahoma counties are wanted for the Oklahoma Cemetery Directory.

The Oklahoma Cemetery Directory currently has pictures, driving directions, and locations of cemeteries in each of Oklahoma's 77 counties. Eighteen counties each have less than 25 cemeteries with pictures, and the goal is to bring that number up to at least 25, if possible. It would add more than 300 cemeteries to the Directory. Over 500 cemeteries that are located in these 18 counties are listed here. If you don't find a cemetery on the list, it may already be in the Oklahoma Cemetery Directory. If you know the driving directions but don't have a picture, email us with the driving directions.

Where possible, give the name of the cemetery, driving directions from an easily found intersection, its GPS location, the legal description (township, range, and section), and a comment or an interesting fact about the cemetery. Send the pictures in jpg format. Give the name of the person who took the picture so they can receive proper credit. You can write the text with the other information in the email or make a Word page. Email to ohcegg@gmail.com . Thank you for increasing the quality of the Oklahoma Cemetery Directory. You will be helping others find cemeteries for which they are searching.

For more about the Oklahoma Cemetery Directory go to
